Invitation to the

26th TECNA Course 12th March Sat 2022 Manchester

WELCOME TO THE TECNA COURSE / WEBSITE
www.scopehealthuk.com

It's a great pleasure to invite you all to the TECNA courses 2022. We have 2 venues Bristol & Manchester.

INTRODUCTION

Endoscopy has advanced over the last few decades. There have been numerous developments in endoscopic accessories enabling complex therapeutic procedures. Traditionally teaching involving endoscopic accessories in therapeutic endoscopy has been informal, with limited explanation of core basic principles and in addition, the limited hands on experience outside the endoscopy suite in a relaxed setting. This course provides a review of relevant practical aspects of therapeutic endoscopy, includes several practical demonstrations/exhibition and followed by "hands-on experience" with endoscopy accessories at several work stations. All delegates attending the course will be provided with a "SCOPE ENDOSCOPY MANUAL" dedicated for all those working in the endoscopy units.

This course mainly covers the therapeutic/technical aspects of endoscopy and does not include patient care, related professional & ethical issues as these topics are covered by other national/regional courses. Over the year's more than 1500 delegates have attended from the UK and various other countries which include Ireland, Hongkong, Croatia, Portugal, Oman, Malta, Scandinavia, Israel, Saudi Arabia & UAE.

TARGET AUDIENCE

- Registered nurses (RN) & Health care assistants (HCA) working in endoscopy units
- Nurse endoscopists and any other personnel performing endoscopy
- Specialist nurses working in gastroenterology/gastrointestinal surgery

COURSE ACCREDITATION

University of
Cumbria

TEN
years
2007-2017

The University of Cumbria accredits the TECNA course for 20-40 academic credits (at Diploma, Degree, and Masters Level) through completion of the work-based learning (WBL) module.

This course is accredited by the university of Cumbria for work-based learning for 20-40 credits.

This meeting offers a unique opportunity for you to network, enhance your knowledge in therapeutic endoscopy and also provides hands-on experience with endoscopy accessories.

I would like to take this opportunity to welcome you all to the THERAPEUTIC ENDOSCOPY COURSE FOR ENDOSCOPY NURSE ASSISTANTS AND NURSE CONSULTANTS (TECNA) and look forward to seeing you all at the course.

TECNA : "A COURSE WITH VISION & MISSION TO EDUCATE"

We look forward to meeting you at the course. For course info visit www.scopehealthuk.com please forward this email to friends and colleagues

TECNA Course Feedback

- Excellent day
- Brilliant manual
- Very informative
- This course is awesome!
- Very well organised Course

- The training was very useful
- Great opportunity to network
- By far the best course available
- Gained confidence from the course
- A great variety of subjects covered
- Lots of photos which was very engaging
- Great to find out about new equipment
- Will recommend to other endoscopy nurses
- Excellent for both new staff and experienced
- Thoroughly enjoyed all aspects of the course
- There was lots of opportunity to ask questions
- Lecturers were very approachable and friendly
- Knowledge gained will be used in every day work life
