

TECNA

TECNA NEWSLETTER 25th COURSE EDITION

TECNA, a course with a mission and vision to educate, has successfully journeyed over 10 years revolutionising the field of endoscopy for registered nurses and health care assistants.

We pride ourselves in providing a decade of conferences and educational meeting, which were attended by delegates from around the globe ranging from Hong Kong, the Middle East and neighbouring European nations.

TECNA course, to date, has trained more than 1500 nurses and health care practitioners. This RCN accredited comprehensive course includes a combination of theoretical and practical sessions. We are currently underworks in creating an e-book manual dedicated to endoscopic accessories, which will be highly beneficial to everyone who participates in this course as well as health professionals. The highlight of this year's course entails using social networking platforms to enable more efficient medical education.

To enrol and for more details :

The next TECNA Courses will be held on :
- 14th November 2020 (Manchester)
- 13th March 2021 (Bristol)
